### Germans Report Minsk Skirted; Lwow Occupied

Nazis Seize Polish City  
From Russian Defenders;  
Air Attacks

#### BULLETIN

Berlin, June 30.—A German military spokesman asserted today that Minsk was in German hands and that German troops were in sight of Smolensk, 200 miles east of Minsk on the road to Moscow.

By The Associated Press

The German report came to have been made by a German plane flying over Minsk, about 400 miles east of Berlin.

A German military spokesman asserted today that Minsk was in German hands and that German troops were in sight of Smolensk, 200 miles east of Minsk on the road to Moscow.

The high command bulletin on the capture of the Latvian port was preceded by a report that a Soviet Russian division near the Baltic coast had been encircled in a new German northward push in Lithuania and Latvia.

The line is so narrow and tight that the Red army forces on the Baltic coast are being cut off.

Many Tanks Destroyed  
The agency also said several hundred Russian tanks and 42 cannons were destroyed or captured by German forces at Raza Ruzsa, just north of Smolensk.

The capture of Lwow, the last of the fortified cities also known as Lemberg, was the scene of fierce German fighting in the world.

German occupation of Lwow for the second time in two years was announced by the high command in a special bulletin.

The DNB reports from the front were the only real information, however, there being an extraordinary delay in issuance of the daily communiqué.

The Nazi fighting forces seized the city from Russian defenders this morning, the high command said.

Less than two years ago a considerable portion of the routed Polish army was forced to capitulate in the city.

German troops withdrew from the city and placed it in the Russian sphere when Poland was partitioned.

The 1941 capture of Lwow was reported from the front's headquarters today in this brief announcement.

Lwow Taken  
Lwow was taken today. The city was taken by German troops after a battle which lasted for 40 hours.

A German spokesman, meanwhile, said that the city was taken after a battle which lasted for 40 hours.

Judge Permits  
Defense To  
See Evidence

Waukegan, June 30.—(RN Special)—An order was issued last week-end by Circuit Judge Roscoe C. South permitting the defense counsel in the case of Robert E. Lester, 55, Woodland man charged with murder of his niece and her fiancé, to examine all state's evidence in advance of the trial which is to begin next Monday, July 7.

The judge also granted the defense the right to have a fingerprint expert examine the gun before the trial.

Temperatures Boosted By Hot,  
Humid Air Over Entire Nation

By United Press  
Soaring temperatures from the Rocky mountains to the Atlantic seaboard resulted today in at least 73 deaths in 12 states. Drownings were the chief cause as thousands of persons sought relief at the beaches.

A J. K. Hart, U. S. forecaster at Chicago, predicted the weather would continue "warm and humid" over the eastern two-thirds of the nation except in areas with scattered thundershowers.

Kent said temperatures were near or below normal on the west coast and that a mass of cool air, drifting eastward, would bring relief to the northern great plains tomorrow and to the east central states Wednesday. He said it would touch the North Atlantic states later this week.

### Separated After Wedding Ceremony

Asserting that his marriage with Vivian Bradshaw Keene at Valparaiso, Ind., on Nov. 18, 1937 was never consummated, David Oliver Keene, Yellowhead township, today filed suit for divorce.

The complainant, filed by Attorney J. Ward Fitzpatrick, Chicago, in the office of Circuit Clerk Albert Tetrault, says he and his wife separated immediately after the ceremony at her request, and have never lived together.

The automobiles of cousins of the same family name were in an accident at 12:45 o'clock this morning on highway 17 seven miles west of Kankakee.

Then, according to deputy sheriffs, the two left the cars standing on the highway.

Bill Townsley, 24, 144 West Jeffery street, and Bruce Townsley, 26, 507 South Third avenue, were arrested by Deputies Gene LaPortaine and Walter Bauer, and arraigned this morning before Justice Fred R. Smith.

Bill was fined a total of \$9.75 for drunkenness, leaving the scene of an accident and failure to have a driver's license. Bruce was fined a total of \$6.75 for leaving the scene of an accident and not having a driver's license.

Then, according to deputy sheriffs, the two left the cars standing on the highway.

### Negro Dies In Leap From Burning Home

Charles Humphrey, 21,  
Victim; Wife Hurt  
In Jump From Attic

Charles Humphrey, 21, colored foundry worker, was fatally injured Sunday morning when he leaped from an attic window at 414 East Water street, where he resided, in an effort to escape fire.

He died through the window and fell on his head breaking his neck and fracturing his skull. He died a few minutes after reaching St. Mary hospital.

He also was badly burned, but in the opinion of Coroner Ed P. Madison, his death was due to the injuries rather than the burns.

### Vote 89 To 1 Against U. S. Entry In War

A recent poll conducted in Kankakee among a cross section of laborers, business men, salesmen and professional men, revealed that 89 votes were cast against the United States' entry into the present European war and only one vote was cast in favor of entry.

The poll was taken by Victor J. Sandstrom, 338 South Chicago avenue and two assistants.

The same poll showed that 62 persons are against American conscription as compared to 26 in favor of such action and also that 42 persons are against repealing the Neutrality act and 19 are in favor of repeal.

Fifty-six persons answered "yes" and 19 persons answered "no" to this question: Do you favor President Roosevelt's acting immediately to bring about peace between the warring nations? In addition 58 persons expressed the opinion that a referendum vote on fighting in a foreign war should be taken before this country entered into such a war while 19 voted against such a measure.

The number of votes cast on each question presented differed because some persons refused to answer certain questions.

Postmaster At  
Manteno Will Get  
Raise Tomorrow

Washington, D. C. June 30.—(RN Special)—The Manteno postmaster will be given a raise in pay July 1, it was learned today at the Post office department.

He will get a raise because he will be running a post office of higher classification after that date.

The Post Office department has changed the classification of the Manteno office from third class to second class. This was done because of the large amount of business done in the Manteno office during the past year.

Annual the department took a look at the record of receipts for each office and reshuffled its classifications. Amounts of salary earned by a postmaster is determined by the classification of his office and the amount of business done by it. All postmasters of offices of the same classification do not receive the same pay.

### Mangrum Wins Midwest Trophy

Lloyd Mangrum, right, accepts the championship trophy in recognition of having won the 1941 Midwest open golf tournament at Highland Country club Saturday and Sunday. Dick Metz, Oak Park pro, on the left, congratulates the fellow who beat him out. Mangrum's card for the 72 holes read 270, 22 under par, and Metz' score, good for second place, was 272. Arthur Beckman, chairman of the starting committee, center, made the presentation.

### Second Draft Registration Tomorrow

Fifty To Sixty Thousand  
Who Have Attained Age  
Of 21 Since Oct. 16

Chicago, June 30.—(AP)—An estimated 50,000 to 60,000 young men in Illinois who have attained the age of 21 since Oct. 16 tomorrow will register for the draft under the selective service act.

State selective service officials said that the registration of youths who have reached their majority since the first national registration will be with 361 local boards. They estimated that about 25,000 would go to the 18 downstate boards and in Cook county the total would be approximately 30,000.

The expected total compares with the 1,016,000 men, ranging in age from 21 to 35, who registered in Illinois Oct. 16 when conscription machinery first started to operate.

Governor Dwight H. Green and Paul Armstrong, state selective service director, will broadcast a message to the prospective draftees in a 5-minute program on WGN and affiliated radio stations at 9:30 p. m. (cst.) today.

Penalty for Failure  
Tomorrow's resignation, officials announced, would be in the regular board headquarters and in only a few cases had arrangements been made for outside assistance. In addition to men of 21 who will be come eligible for military training and service, aliens between 21 and 36 who have entered the country since the first draft also must register.

Official explained that men failing to register would be subject to a penalty of five years in prison or \$10,000 fine, or both.

Registration boards will be open from 7 a. m. to 9 p. m. The army probably will call up about 50,000 selective service trainees a month during the last half of this year.

Official explained that men failing to register would be subject to a penalty of five years in prison or \$10,000 fine, or both.

### Celebrate The 4th So You'll Still Be Alive On The 5th

Celebrate the Fourth so that you'll be alive on the Fifth! This appeal for a safe observance of the holiday was made today by Chief of Police L. B. Rogers and Fire Chief Roy Marquart as the national safety council predicted the biggest traffic jam in the nation's history this week-end.

This jam will also bring the biggest toll of auto deaths and accidents unless every motorist and every pedestrian adopts extra measures of caution.

It's Sabotage!  
In time of national emergency, accidents are more than ever a needless and dangerous waste. They amount to unintentional sabotage. In cautioning celebrants to "take it easy", Chief Rogers reminded that four out of five accidents occur when the weather is clear and the pavement dry.

Discussing fireworks hazards, Chief Marquart asked parents to warn children not to throw sparklers and to keep out in the open away from buildings when discharging fireworks. Children should not be permitted to pick up fireworks that fall to the ground. This is one of the most frequent sources of injury, with explosions occurring and causing injury to hands, fingers and eyes, according to Marquart.

Fireworks Danger  
Fireworks should be kept in a covered tin box until ready for use. A doctor should be called to treat wounds because of the danger of tetanus infection.

"Better yet," urged the fire chief, "plan an interesting day for your family without the hazards of fireworks. We could all be patriotic by donating the money we intend to spend on fireworks to our country's defense program."

### Vichy Prefers Charges Against Soviet Agents

Claim They Were Carrying  
Out Activities Against  
Public Security

Vichy, Unoccupied France, June 30.—(AP)—France severed relations with Soviet Russia today and it was learned that at least 200 persons accredited to Russian diplomatic and consular services have been held for questioning.

Russian men and women who were held were concentrated in the stadium outside Vichy where only yesterday Chief of State Marshal Pétain gave a flag to the French Youth Labor camps.

For 24 hours before the decision to break relations with Moscow, all roads leading to and from Vichy were heavily guarded.

As soon as the break became known the Russians informed the United States embassy. It was not yet known who will take over Russian interests in France but it was expected to be Sweden.

Negotiations Fail  
The break in Russian-French relations followed week-end negotiations between Pétain and Soviet Ambassador A. E. Bogomolov.

A communiqué said France had taken the initiative in breaking off relations because it was "learned with certainty Soviet diplomatic and consular agents in France were carrying out activities against the public order and security of the state."

It was the first time France had taken such a step against any of the series of Germany's enemies.

It had been reported at first that Soviet diplomats would be allowed to remain in Vichy without diplomatic standing but the communiqué said measures would be taken so diplomatic representatives of the two countries would be exchanged "under the best conditions."

Stubborn Resistance  
Moscow, June 30.—(AP)—Now under attack in strategic sectors of the whole of a 2,000-mile front with Germany and her allies, the Red army reported today a stubborn resistance to the invaders in the areas of Murmansk, Dvinsk, Minsk and Luck, the repulse of two attempted short-cut drives toward Leningrad and a last entrapment of a panzer force.

The last 24 hours brought an extension of the active front through a German attack across the extreme north of the Finnish border toward

# W. S. Boosters Lose Pitchers' Battle Here Sunday

Cadieux Bested In Thrilling 2 To 1 Battle

Winning Pro, Top Amateur Claim Texas As Home State

The winning pro and the top amateur in the 1941 Republican News Midwest Open golf tournament both claim Texas as their home state. Lloyd Mangrum, who is competing out of Missouri Park, Calif., was born in Dallas, while amateur John Barnum, who is competing out of Houston, Texas, was born in Dallas. The two men met in a thrilling 2 to 1 battle in the final round of the tournament.

Each pitcher allowed nine hits. Cadieux struck out seven, while Mangrum struck out six. The two men played a thrilling 2 to 1 battle in the final round of the tournament. Mangrum won the tournament with a score of 270.

John Barnum is 29 years old and the answer to many a maiden's prayer. "I'll take and handsome" he has been competing for two years and already has a string of titles, including the Mexican Amateur championship for 1939 and 1940, second in Houston Invitational in 1939, second in Texas Amateur in 1939, and second in Texas Open in 1940. He was born in Dallas, Texas, and is now living in Houston, Texas.

Most disappointed today was Freddie Thompson, who was defeated by Mangrum. Thompson was a strong contender for the title, but he was unable to keep up with Mangrum's pace. Thompson's score was 280, while Mangrum's score was 270.

Warren Dawton, Wheaton amateur, twice Illinois amateur champion, was also in the tournament. He was defeated by Mangrum. Dawton's score was 285, while Mangrum's score was 270.

Eddie Gorman, Louisville, tournament manager of the Illinois section, F. G. A., who played his first 72 holes of golf in a double on July 4 at Waterman park, the perfect condidit, the Illinois section contributed greatly to the low scores turned in. He also helped the conduct of the tournament and the cooperation of tourney committee.

Probably the most colorful play to come out of the tournament was the battle between Mangrum and Thompson. Mangrum won the tournament with a score of 270, while Thompson's score was 280.

Members of the Kankakee Amateur Golf Club, who were in the tournament, were also in the tournament. They were defeated by Mangrum. Their scores were 285, 290, and 295.

Marshall Springer of Chicago, 19-year-old amateur who finished fifth in his division, finished with a score of 285. He was defeated by Mangrum.

Announcing of play-by-play during the tournament was handled by the Kankakee Amateur Golf Club. They were in charge of the tournament and the cooperation of tourney committee.

Handsome Dick Metz, the Oak Park pro who had a large crowd of fans, was also in the tournament. He was defeated by Mangrum. Metz's score was 290, while Mangrum's score was 270.

Lowest 18-hole total among amateurs was the 67 completed by the David of Oak Park. He was defeated by Mangrum. His score was 67, while Mangrum's score was 270.

Two of the big name golfers in the tournament were also in the tournament. They were defeated by Mangrum. Their scores were 285 and 290.

# FBI in Nation's Biggest Spy Hunt; 29 Held

Many Engaged in Defense Work; Twenty-Two Are German Born

New York, June 30.—(AP)—Swiftly and secretly during the weekend the nation wound up the greatest spy hunt in its history with the arrest of 29 men and three women on espionage charges.

Agents of the Federal Bureau of Investigation entered homes and taverns in four states to seize 24 suspects. FBI Chief J. Edgar Hoover announced yesterday, while five others already were in custody on other charges.

Eighteen of the group, which included natives of Germany, will be arraigned today before a United States commissioner in Brooklyn on the specific charge of conspiring to engage in espionage activities in the United States.

Shadowed Two Years

Hoover said the G-men shadowed the nation's wound up the greatest spy hunt in its history with the arrest of 29 men and three women on espionage charges.

Warrants issued here charged the prisoners with transmitting information to foreign nations concerning developments in United States naval, army and aircraft production.

Especially the latter—air transport by courier of samples of latest armaments.

The alleged spy ring used secret lists for couriers traveling across the Atlantic by clipper plane. Hoover declared a short-wave radio with ocean-spanning range was found in the room of one suspect.

Besides the 18 taken in the metropolitan area and the five arrested in federal custody, four were arrested in New Jersey and one each in Michigan and Wisconsin.

Maximum Penalty

Hoover said that the speedy arraignment of the New York prisoners would be followed shortly by that of the others who will be brought to Brooklyn for trial.

Maximum penalty for conviction of espionage or conspiracy to commit espionage under the 1917 federal espionage act is 30 years imprisonment.

Edmund Carl Heine, 40, German-born automobile company representative, was seized in Pleasant Ridge, Mich., and Edith Strunk, 31, German-born waitress, in Milwaukee.

County Court Docket

Chiquito, Estelle, petition for authority to sell bonds granted.

Harriet, Able D., proof of heirship taken in open court. Heirship established.

## Getting Rid Of Misplaced Fat

By HELEN POLLEY

When adipose tissue distributes a bad effect upon her heart. But itself evenly over the feminine frame one can learn to live properly. It is a strange, mean way of settling in spots. That's bad. Sometimes it coils on the upper story, sometimes on the lower. There's many a woman with overdeveloped legs who has trim shoulders, a normal bust and neck, take four or five deep breaths, then it is again.

Massage will help if movements are those that inflame the fat cells. get things down to normal. Reconditioning the silhouette cannot be accomplished in a few weeks. The many women become impatient, give up the effort to restore the figure. The jumping rope will rattle off excess flesh. We cannot recommend this exercise to a woman who is in her

late forties. It may be too strenuous, have a bad effect upon her

## Appropriation Bills Tied Up By Dispute

Fiscal Year Nears End; Congressional Leaders Seek Agreement

Washington, June 30.—A dispute over \$35,000,000 tied up a pair of billion-dollar appropriation bills today, but congressional leaders expressed confidence both measures would go to President Roosevelt before the fiscal year ends at midnight.

The bills involved were the \$935,000,000 relief bill and the \$1,340,000,000 agriculture appropriation.

The argument revolved about whether congress should add \$35,000,000 to the relief bill for the disposal of surplus commodities, or whether the sum should be included in the farm bill.

The senate originally voted the extra \$35,000,000 into the farm bill, but it was deleted by a joint senate-house conference committee. Then, when the relief bill came up, the senate tacked on \$5,000,000 for the commodity disposal program. A conference committee on the relief bill agreed to cut this to \$35,000,000, but house members landing relief and farm legislation were still at loggerheads over whether the money should be provided in the farm or the relief measure.

Expert Approval  
Farm bloc members contend that since the stamp plan operates mainly in large cities it is not agricultural but a form of relief and should be so identified by paying for it out of relief funds.

Senator Byrnes, (D-SC), acting majority leader, said he was content of final approval for both measures before midnight. As a precautionary step, however, he prepared resolutions permitting the agriculture department and the relief administration to continue spending at the present rate until such time as the bills pass.

Congress also had still to vote funds for its own operation and to act on a \$1,655,000,000 appropriation to meet deficiencies in various departments and agencies. The \$24,567,000 legislative appropriation was pending before the senate, where passage was regarded merely as a matter of routine.

## DEFENSE BOND

Q Where does the government spend the money raised by Defense bonds?

A This money is spent in the United States. It helps to pay, train, arm, feed, clothe, and house the men in our army, navy, marine corps, and defense industries. It buys all the materials which these men need, thus helping the workers, farmers, merchants, manufacturers, and transportation men all over America.
